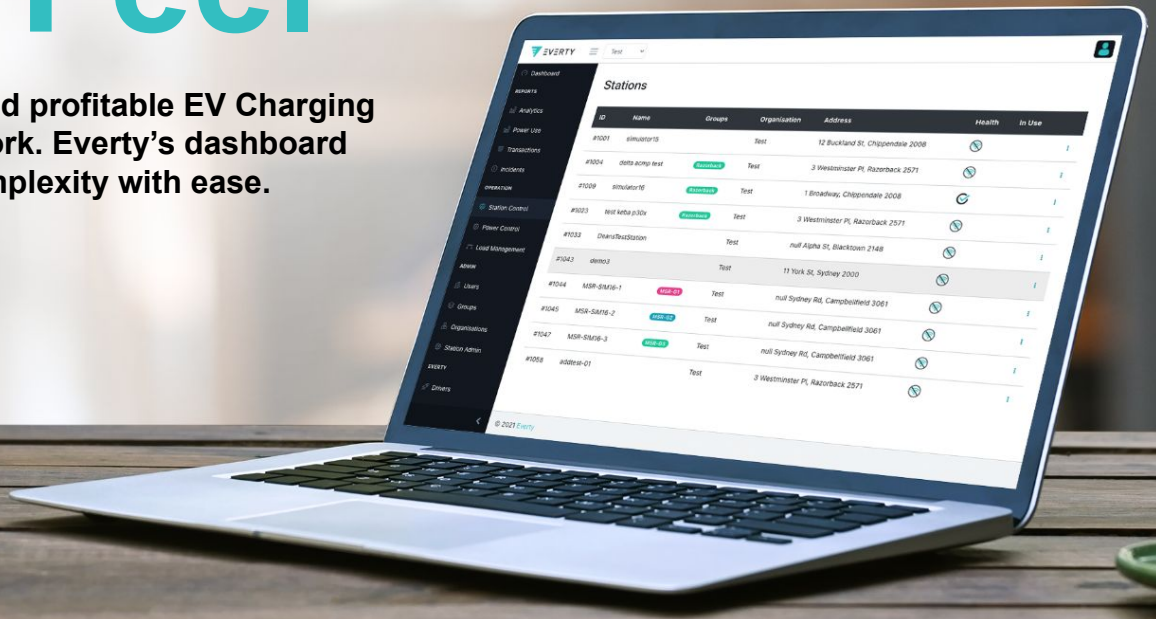
EVERTY

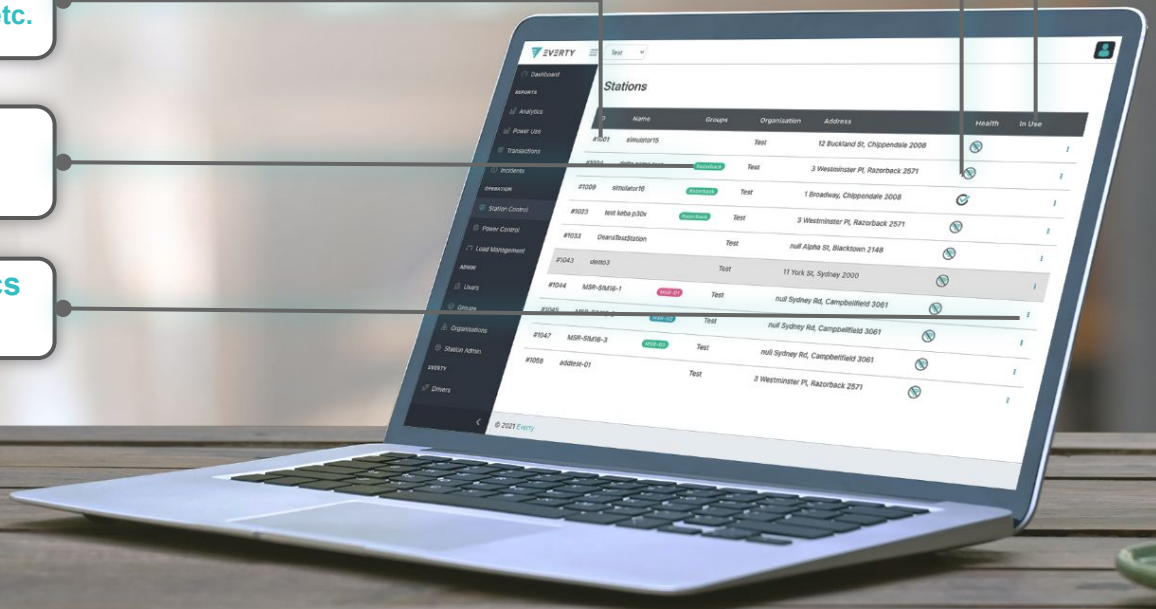
Dashboard Look & Feel

Running a successful, efficient and profitable EV Charging Station Network can be a lot of work. Everty's dashboard empowers you to manage the complexity with ease.



Monitor, Manage & Monetise your EV Charging Network with ease

- Charge point utilisation & performance statistics
- Real-time status of your EV charging stations
- Your EV charger data at a glance: location, brand, model, firmware version etc.
- Group EV chargers & dynamically manage your electricity load
- Advanced remote error diagnostics & remedy options
- Smart API integration into your ecosystem
- Payment Gateway



Everty's Dashboard Look & Feel

Monitor & Manage your EV Charging Stations

Be always on top of your EV CHARGING PERFORMANCE:

- Monitor the health of your EV charging stations
- Manage the EV charging: e.g. set tariffs
- Track energy usage
- Perform advanced diagnostics
- Troubleshoot issues
