Software File Name	ACMAX_FW_v01.26.34.00.bin
Date of Release	2024/03/25

Improvement and bug fixed:

1. (fix): [DNIW-1848]
 - a) APP not shown red when alarm happened
 - b) APP not shown notify message when alarm happened
 - c) when charger in charging, APP still can configure charger.
 - d) not support notify alarm 0x104
 - e) when charger in plug and charging mode, APP not start/stop charging.
2. OCTT cases all Pass.

Note: Because support Signed Firmware, so it can not downgrade to old version (< v1.26.31.00) which are not Signed Firmware.
